Litter parents:	Dam: Sire:

## Companion Pet Puppy Agreement & Health Guarantee

1. The aforementioned puppy is sold to the Purchaser for a total amount of \$4,000. Payment in full is required prior to the puppy being released.
2. The aforementioned puppy is sold as a companion pet, not as a breeding prospect. As such, the puppy will be sterilized prior to being released.
3. The Breeder guarantees that the puppy appears in good health at the time of the pup's departure, and that vaccinations and worming are up to date.
4. The Breeder guarantees that the puppy is free from any life-threatening transmittable diseases for 72 hours from the time the Purchaser takes possession of the puppy. **Any concerns regarding illness must be reported immediately to the Breeder and followed by a veterinary report within 72 hours of receipt of the puppy.** It is recommended that the Purchaser have the puppy examined by a veterinarian within 72 hours of the puppy's arrival if the Purchaser has any concerns whatsoever. If the aforementioned pup is found to have a life-threatening condition within 72 hours of delivery to the Purchaser, upon receipt of a Statutory Declaration to the Breeder by the Purchaser's licensed veterinarian, the Breeder agrees to refund the full original purchase price of the puppy, i.e. \$4,000. The Breeder is not liable for any other costs including but not limited to, transportation, veterinarian fees or costs associated with purchases or preparations made in anticipation of the puppy's arrival.
5. The Breeder shall provide the Purchaser with information regarding the puppy's health, heritage and socialization to the best of her knowledge.

## Companion Pet Puppy Agreement & Health Guarantee

6. The Breeder shall provide the Purchaser with the following:
  - i. Dog's microchip number and paperwork. Note: At the pup's 10-12 week vaccination, it is recommended the microchip is scanned to ensure it reads correctly and all recorded details are complete.
  - ii. Vaccination Certificate
  - iii. Sterilization Certificate
  - iv. Recommendations for the ongoing care of the puppy/dog (may be provided by email)
  - v. ALA registration certificate (may be provided via email)

In signing this agreement, the Purchaser acknowledges the receipt of / entitlement to this information.

7. The Purchaser must ensure completion of the puppy's vaccination program before exposing it to high-risk sites such as public parks, play groups, obedience classes and any areas in which there may be unvaccinated or infected dogs. Until 7-10 days after it has received its third vaccination at approximately 14-16 weeks of age, a young puppy will have an under-developed immune system and is therefore highly susceptible to disease.
8. The puppy's parents have been DNA tested for the following diseases and the puppy will not develop any of these genetic conditions:
  - Progressive Retinal Atrophy/Progressive Rod Cone Disease (PRA/PRCD)
  - Exercise Induced Collapse
  - Neonatal Encephalopathy
  - Degenerative Myelopathy

### Companion Pet Puppy Agreement & Health Guarantee

9. The puppy's parents have been Hip and Elbow scored and these results have been made known to the Purchaser.
  
10. Should the puppy be diagnosed with a life inhibiting condition which the Breeder should have reasonably been able to prevent, predict or identify (which is confirmed by two independent veterinarians, one to be of the Breeder's choice) **within three years of the puppy's date of birth**, the Breeder and Purchaser shall select one of the following options:
  - i. The Purchaser can return the puppy (or a certificate of euthanasia if necessary). Upon receipt of the puppy or certificate, the Breeder shall provide a replacement puppy which meets the Purchaser's preferences as indicated on the Purchaser's original puppy application form, as soon as one is available. NB. All expenses including transport of both puppies, testing and veterinary costs associated with diagnosis will be the responsibility of the Purchaser. Full veterinary and specialist reports, x-rays and test results must accompany any claim.
  - ii. Alternatively, a refund of seventy five percent (75%) of the original puppy purchase price will be forwarded to the Purchaser after the puppy or euthanasia certificate is received i.e \$3,000. NB. All expenses including transport, testing and veterinary costs associated with diagnosis will be the responsibility of the Purchaser. Full veterinary and specialist reports, x-rays and test results must accompany any claim.
  - iii. Alternatively, the Purchaser chooses to keep the puppy and the Breeder shall reimburse the Purchaser for veterinary costs associated with the identified problem(s) up to the value of seventy five percent (75%) of the original puppy purchase price, i.e. up to \$3,000 incl. GST. The Purchaser shall only be entitled to claim such costs upon the Breeder receiving detailed veterinary invoices.

### Companion Pet Puppy Agreement & Health Guarantee

11. The Purchaser shall not misrepresent themselves or their intentions for the future of the puppy.
12. The Purchaser agrees to always provide for the appropriate care, training and veterinary care of the puppy.
13. The Purchaser agrees to make themselves aware of any legislation that concerns their ownership of a companion animal and adhere to such. This includes but is not limited to updating changes to contact information on their respective State Register/ Council Registration.
14. The Purchaser acknowledges their responsibility for the many environmental factors that contribute to the ongoing health of the puppy and agrees to keep the puppy /dog at an appropriate weight for normal growth and development.
15. **The Breeder shall not be held responsible for the development of diseases or disorders which are due to the Purchaser's negligence and / or environmental factors. The Purchaser should be aware that the puppy should not be allowed to run / walk repeatedly up and down stairs; jump from heights such as beds, cars, garden landscaping elevations such as retaining walls, etc; run / skid on slippery surfaces; or play games that involve sudden stop / start movements such as "catch", until the puppy has reached full growth – at least one year of age. Failure to restrict these movements can adversely affect joint development. Exercise should be age appropriate.**
16. The Purchaser accepts that as this is an evolving breed, the Breeder cannot guarantee that the puppy's coat colour will not change or fade over time.

### Companion Pet Puppy Agreement & Health Guarantee

17. The Purchaser agrees to notify the Breeder if at any time they are unable / unwilling to care for the puppy / dog. Should this situation arise, the Purchaser agrees to provide the Breeder with the contact details (name, address, phone) of the new owners if they arrange the rehoming. **PLEASE NOTE THIS HEALTH GUARANTEE IS NOT TRANSFERABLE TO THE NEW OWNER.** If a new home cannot be found, the dog can be returned to the Breeder and All Heart Labradoodles will resume ownership of the puppy / dog.
18. The Breeder will not refund money when a dog is returned unless special conditions were agreed upon in this agreement.
19. The Purchaser is responsible for costs associated with returning the dog to the Breeder.
20. The Purchaser shall not abandon or surrender the puppy / dog to a pound, rescue organisation or animal shelter.
21. Should euthanasia be required following an accident or sudden illness, the owners will notify the Breeder in due course.
22. In the signing of this agreement all parties acknowledge that they have read and understood its contents and that any and all information provided within this document is truthful and complete to the best of their knowledge. This agreement will be signed by both parties before the dog leaves the Breeder's premises or possession.
